

The Moccasin Express

ADA Policy

The Americans with Disabilities Act (ADA) was signed into law on July 26, 1990. The ADA is civil rights legislation which requires that persons with disabilities receive transportation services equal to those available on the fixed route service.

It is the policy of The Moccasin Express that, when viewed in their entirety, services, programs, facilities, and communications provided by The Moccasin Express, directly or by a contracted service provider, are readily accessible and usable to individuals with disabilities to the maximum extent possible.

1. Fare

2. Holiday Closures

The Moccasin Express will NOT offer service on the following Tribally recognized holidays: New Year's Day, Spokane Tribe Anniversary, Presidents Day, Memorial Day, Independence Day, Labor Day, Native American Day, Veterans Day, Thanksgiving Day, Native American Heritage Day and Christmas Day.

3. Approved Equipment

- *Wheelchair* means a mobility aid belonging to any class of three- or more-wheeled devices, usable indoors, designed or modified for and used by individuals with mobility impairments, whether operated manually or powered.
- The equipment must not weigh more than 800 lbs. when occupied.
- Walkers must be collapsible and stored between seats.
- Equipment must be in good working order, with batteries charged, tires inflated, footrests attached, and all parts secure.

4. Mobility Device Brakes

When occupying a lift or securement area, it is recommended that passengers apply the brakes on their mobility devices; however, they are not required to do so. With power chairs or scooters, it is recommended that the power switch be turned to the "off" position. Again, this is not mandatory.

5. Portable Oxygen Use

Individuals with disabilities who use portable oxygen devices are allowed to travel with respirators and properly secured portable oxygen supplies. Oxygen supplies must not obstruct the aisle.

6. Securement Policy

Operators will use front and rear tie-downs to secure mobility devices. Operators will secure mobility devices at the strongest parts of the device; however, the passenger can indicate the most optimal tie-down spot. The mobility device will be secured front facing unless otherwise requested by the passenger. Drivers will assist passengers with securement systems, ramps, and seatbelts; however, drivers cannot assist riders using power chairs or scooters with the operation of their equipment. The Moccasin Express cannot refuse to transport someone whose mobility device cannot be satisfactorily restrained provided that mobility device fits within the definition described in Section 3.

7. Stop Announcements

Stops at major intersections, transfer points, and destination points will be announced on fixed route buses. Transit operators will announce other stops upon request.

8. Personal Care Attendants

A Personal Care Attendant (PCA) may ride with you at no charge. A PCA is someone who travels with, and helps, a rider who is not able to travel alone. You must provide your own PCA if you need one. Please let us know on your application form whether or not you will be using a PCA. This information will guarantee a place for him or her to ride with you.

Guests and companions may ride with you on The Moccasin Express. Guests and companions must pay regular fare. A companion is anyone who rides with you who is not designated as your PCA. (49 CFR 37 (d))

9. Service Animals

A service animal is any guide dog, signal dog, or other animal individually trained to work or perform tasks for an individual with a disability. In order to ride The Moccasin Express:

- The animal must be on a leash or in a container, remain under control of the owner, and behave appropriately.
- Birds, reptiles, amphibians, rodents, and cats must be kept in an enclosed carrier/container.
- The animal must remain at your feet or on your lap. It may not sit on a vehicle seat.
- The animal must not be aggressive toward people or other animals.

10. Boarding Assistance

Operators shall position the bus to make boarding and de-boarding as easy as possible for everyone, minimize the slope of the ramp, and use the kneeling option as needed. Bus operators shall provide assistance to passengers upon request. Passengers with disabilities shall be allowed adequate time to board and disembark the vehicle.

11. Maintenance of Lifts or Ramps

Bus operators must test the lift or ramp during the pre-trip inspection. Break down of accessibility equipment must be reported immediately to dispatch. A vehicle with an inoperable lift or ramp must be removed from service as soon as possible and cannot be returned to service until repaired. If there is a lift or ramp failure, a replacement vehicle must be dispatched if the next trip to the destination of any passenger using a mobility device is scheduled in more than 30 minutes. If the next trip to the destination of any passenger using a mobility device is scheduled in 30 minutes or less, a replacement vehicle may be dispatched if available.

12. Priority Seating

Upon request, bus operators shall ask – but not require – passengers to yield priority seating at the front of the bus to seniors and persons with disabilities. Drivers are not required to enforce the priority seating designation beyond making such a request.

13. Reserved Seating

Mobility device securement areas on buses are reserved. Passengers using common mobility aids shall be boarded if the securement areas are not otherwise occupied by a mobility device, regardless of the number of passengers on the bus. Bus operators are required to ask passengers sitting in the securement areas to move to other available seats or to stand.
