

Services offered: Diabetes

We are working toward restructuring our program to better serve our diabetes patients.

Some support services offered once eligibility is determined are:

*Transportation to and from diabetes-related appointments

*Gas cards for those who have alternative transportation (one-\$20 gas card per appt per day)

*One pair of diabetic shoes and 3-inserts (once per medical year; insurance eligibility will be determined with Priority Footwear prior to STH supplementing the cost)

*And more!

If you believe that you are eligible for any of these services, please contact us at 509-606-2018 and ask for Spokane Tribal Health.

What we do?

SDPI (Diabetes)

SDPI services offers assistance to Enrolled Tribal Members (of any Tribe) who have a medical diagnosis of Diabetes Type 1 or 2 and are eligible for I.H.S Services.

To become eligible for the SDPI program, individuals must first apply for assistance by setting up an intake appointment with us by calling 509-606-2018 and asking to speak to Spokane Tribal Health.

Some services once individuals are determined to be eligible may include up to 4x a month \$20-each gas cards to diabetes related appointment, assistance in payment for diabetic shoes (after insurance is billed), and more.

Health Education

Spokane Tribal Health offers community events aimed toward overall health and wellness, support, and education. No referral is needed to participate in these events.

Need Assistance?

If you or a family member believe that you are eligible for diabetes services please contact 509-606-2018 for more information. Spokane Tribal Health will get you scheduled for an intake to see if you are eligible for services.

SPOKANE TRIBAL HEALTH

SPOKANE TRIBE
HEALTH AND HUMAN SERVICES

Health Education services do not require a referral and are open to our local surrounding community members who work or reside on the Spokane Indian Reservation. Participants can bring guests who do not work or reside on the reservation as well to any community event. Some community events include MMIP awareness walk, Walking Colors (breast health awareness), and Trunk or Treat. We additionally offer monthly cooking classes, meal planning, walking groups, and nicotine and vaping education and support.

Spokane Tribal Health: A brief overview

Spokane Tribal Health consists of two programs: SDPI (Diabetes) and Health Education. Both programs aim to take preventative measures in reducing the risk of developing diabetes.
