RFB24-017 – 5 Homes Construction Project

Addendum 2

1. See the Lighting Schedule found at the original RFB posting titled “” and found here:
<https://www.spokanetribe.com/5-homes-construction/>
 - a. I inserted a link for each type, most are from Home Depot. Contractors can copy the link and paste it into their browser to see the type of light we would like to use, but if their supplier does not have the brand or type they can submit an approved equal.
